

Ryan Richardson

NJ Department of Labor

Ryan serves as the Project Manager for the NJDOL Energy Industry Partnership, where he drives workforce development initiatives for the Energy Sector. Leveraging his project management expertise, Ryan connects professionals with NJDOL grants, programs through industry partnerships to enhance skills and readiness. Through strategic collaborations and BILT meetings, he empowers contractors to meet industry demands and supports sustainable growth and employment opportunities across New Jersey.

Unlocking Opportunities: NJDOL Grants and Programs for HVAC Contractors

Discover how NJDOL's grant programs and the Industry Partnership Unit can empower your business. Ryan will also introduce the BILT meetings platform, focused on the energy efficiency workforce, offering insights on how these resources can enhance workforce development and innovation in the HVAC sector across the state of New Jersey. Ryan will be available at an exhibitor table to provide further information and answer any questions. Don't miss this opportunity to unlock new growth and collaboration avenues for your business.
